## Independent Auditor's Report

Trustees  
Manville Personal Injury Settlement Trust  
Pound Ridge, New York

We have audited the accompanying consolidated special-purpose financial statements of the Manville Personal Injury Settlement Trust and its subsidiary (the Trust) (a statutory Trust originally created under the laws of the State of New York, and converted to a Delaware statutory trust in 2018), which comprise the consolidated special-purpose statements of net claimants' equity as of December 31, 2018 and 2017, and the related consolidated special-purpose statements of changes in net claimants' equity and the consolidated special-purpose statements of cash flows for the years then ended, and the related notes to the consolidated special-purpose financial statements.

### *Management's Responsibility for the Consolidated Special-Purpose Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated special-purpose financial statements in accordance with the basis of accounting as described in Note 1 to the consolidated special-purpose financial statements. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated special-purpose financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express an opinion on these consolidated special-purpose financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated special-purpose financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated special-purpose financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated special-purpose financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated special-purpose financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

### *Opinion*

In our opinion, the consolidated special-purpose financial statements referred to above present fairly, in all material respects, the assets and liabilities of the Manville Personal Injury Settlement Trust and its subsidiary as of December 31, 2018 and 2017, and the consolidated results of their changes in claimants' equity and their cash flows for the years then ended, in accordance with the basis of accounting described in Note 1 to the consolidated special-purpose financial statements.

### *Basis of Accounting*

We draw attention to Note 1 of the consolidated special-purpose financial statements which describes the basis of accounting. As described in Note 1, these consolidated special-purpose financial statements were prepared on a special-purpose basis of accounting which is the basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter. The special-purpose basis of accounting has been used to communicate the amount of net assets presently available to fund current and future claims.

### *Restriction of Use*

Our report is intended solely for the information and use of the management of the Trust and is not intended to be and should not be used by anyone other than the specified party. This restriction is not intended to limit the distribution of this report, upon filing with the United States Bankruptcy Court for the Southern District of New York, is a matter of public record.

## NOTES TO THE CONSOLIDATED SPECIAL-PURPOSE FINANCIAL STATEMENTS

---

### 1. Organization and Summary of Significant Special-Purpose Accounting Policies

The Manville Personal Injury Settlement Trust (the Trust), a Delaware statutory trust as of April 19, 2018, formerly organized pursuant to the laws of the state of New York, with its office in Pound Ridge, New York, was established pursuant to the Manville Corporation (Manville or JM) Second Amended and Restated Plan of Reorganization (the Plan). The Trust was formed to assume Manville's liabilities resulting from pending and potential litigation involving (i) individuals exposed to asbestos who have manifested asbestos-related diseases or conditions, (ii) individuals exposed to asbestos who have not yet manifested asbestos-related diseases or conditions and (iii) third-party asbestos-related claims against Manville for indemnification or contribution. Upon consummation of the Plan, the Trust assumed liability for existing and future asbestos health claims. The Trust's funding is dedicated solely to the settlement of asbestos health claims and the related costs thereto, as defined in the Plan. The Trust was consummated on November 28, 1988.

In December 1998, the Trust formed a wholly-owned corporation, the Claims Resolution Management Corporation (CRMC), to provide the Trust with claim processing and settlement services. Prior to January 1, 1999, the Trust provided its own claim processing and settlement services. CRMC began operations on January 1, 1999 in Fairfax, Virginia and subsequently relocated to Falls Church, Virginia. The accounts of the Trust and CRMC have been consolidated for financial reporting purposes. All significant intercompany balances and transactions between the Trust and CRMC have been eliminated in consolidation.

Manville and CRMC (collectively referred to as "the Trust" henceforth) was initially funded with cash, Manville securities and insurance settlement proceeds. Since consummation, the Trust has converted the Manville securities to cash and currently holds no Manville securities.

#### *Basis of Presentation*

The Trust's financial statements are prepared using special-purpose accounting methods that differ from accounting principles generally accepted in the United States of America (US GAAP). The special-purpose accounting methods were adopted in order to communicate to the beneficiaries of the Trust the amount of equity available for payment of current and future claims. Since the accompanying consolidated special-purpose financial statements and transactions are not based upon US GAAP, accounting treatment by other parties for these same transactions may differ as to timing and amount. These special-purpose accounting methods are as follows:

1. The consolidated special-purpose financial statements are prepared using the accrual basis of accounting.
2. The funding received from JM and its liability insurers was recorded directly to net claimants' equity. These funds do not represent income of the Trust. Settlement offers for asbestos health claims are reported as deductions in net claimants' equity and do not represent expenses of the Trust.

# MANVILLE PERSONAL INJURY SETTLEMENT TRUST

## NOTES TO THE CONSOLIDATED SPECIAL-PURPOSE FINANCIAL STATEMENTS

---

3. Costs of non-income producing assets, which will be exhausted during the life of the Trust and are not available for satisfying claims, are expensed as they are incurred. These costs include acquisition costs of computer hardware, software, software development, office furniture and leasehold improvements.
4. Future fixed liabilities and contractual obligations entered into by the Trust are recorded directly against net claimants' equity. Accordingly, the future minimum rental commitments outstanding at period end for non-cancelable operating leases, net of any sublease agreements, have been recorded as deductions to net claimants' equity.
5. The liability for unpaid claims reflected in the consolidated special-purpose statements of net claimants' equity represents settled but unpaid claims and outstanding settlement offers. Post-Class Action complaint claims' liability is recorded once a settlement offer is made to the claimant (Note 4 and 6) at the amount equal to the expected pro rata payment. No liability is recorded for future claim filings and filed claims on which no settlement offer has been made. Net claimants' equity represents funding available to pay present and future claims on which no fixed liability has been recorded.
6. Investment securities are recorded at fair value. All interest and dividend income on investment securities, net of investment expenses are included in investment income on the consolidated special-purpose statements of changes in net claimants' equity. Realized and unrealized gains and losses on investment securities are combined and recorded on the consolidated special-purpose statements of changes in net claimants' equity.

Realized gains/losses on investment securities are recorded based on the security's original cost. At the time a security is sold, all previously recorded unrealized gains/losses are reversed and recorded net, as a component of other unrealized gains/losses in the accompanying consolidated statements of changes in net claimants' equity.
7. The Trust records deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the book and tax basis of assets and liabilities.

### *Use of Estimates*

The preparation of financial statements in conformity with the special-purpose accounting methods described above requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated special-purpose financial statements and the reported amounts of additions and deductions to net claimants' equity during the reporting period. Actual results could differ from those estimates. The most significant estimates with regard to these consolidated special-purpose financial statements relate to unpaid claims, as discussed in Notes 4 and 6.

The Trust invests in two types of derivative financial instruments. Equity index futures are used as strategic substitutions to cost effectively replicate the underlying index of its domestic equity investment fund. At December 31, 2018, the fair value of these instruments was approximately \$3.07 million and was included in investments on the consolidated special-purpose statements of net claimants' equity. Foreign currency forwards are utilized for both currency translation purposes and to economically hedge against some of the currency risk inherent in foreign equity issues and are generally for periods up to 90 days. At December 31, 2018, the Trust held \$30.8 million in net foreign currency forward contracts. The unrealized loss on these outstanding currency forward contracts of approximately \$0.06 million is offset by an equal unrealized gain due to currency exchange on the underlying international securities. These net amounts are recorded in the consolidated special-purpose statements of net claimants' equity at December 31, 2018.

The Trust invests in professionally managed portfolios that contain common shares of publicly traded companies, U.S. government obligations, U.S. and International equities, corporate and other debt, and money market funds. Such investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is reasonably possible that changes in the values of investment securities

## NOTES TO THE CONSOLIDATED SPECIAL-PURPOSE FINANCIAL STATEMENTS

will occur in the near term and that such changes could materially affect the Trust's account balance in the future and the amounts reported in the consolidated special-purpose statements of net claimants' equity and consolidated special-purpose statements of changes in net claimants' equity.

### 3. Fixed Assets

The cost of non-income producing assets that will be exhausted during the life of the Trust and are not available for satisfying claims are expensed as incurred. Since inception, the cost of fixed assets expensed, net of disposals, include:

|                                               | 2018                | 2017                |
|-----------------------------------------------|---------------------|---------------------|
| Acquisition of furniture and equipment        | \$ 247,684          | \$ 241,738          |
| Acquisition of computer hardware and software | 442,439             | 378,097             |
| Computer software development (e-Claims)      | 2,361,100           | 2,361,100           |
|                                               | <u>\$ 3,051,223</u> | <u>\$ 2,980,935</u> |

These items have not been recorded as assets, but rather as direct deductions to net claimants' equity in the accompanying consolidated special-purpose financial statements.

### 4. Unpaid Claims

The Trust distinguishes between claims that were resolved prior to the filing of the class action complaint on November 19, 1990, and claims resolved after the filing of that complaint. Claims resolved prior to the complaint (Pre-Class Action Claims) were resolved under various payment plans, all of which called for 100% payment of the full liquidated amount without interest over some period of time. However, between July 1990 and February 1995, payments on all claims, except qualified exigent health and hardship claims, were stayed by the courts. By court order on July 22, 1993 (which became final on January 11, 1994), a plan submitted by the Trust was approved to immediately pay, subject to claimant approval, a discounted amount on settled, but unpaid Pre-Class Action Claims, in full satisfaction of these claims. The discount amount taken, based on the claimants who accepted the Trust's discounted offer, was approximately \$135 million.

The unpaid liability for the Post-Class Action claims represents outstanding offers made in first-in, first-out (FIFO) order to claimants eligible for settlement after November 19, 1990. Under the Trust Distribution Process (TDP) (Note 6), claimants receive an initial pro rata payment equal to a percentage of the liquidated value of their claim. The Trust remains liable for the unpaid portion of the liquidated amount only to the extent that assets are available after paying all claimants the established pro rata share of their claims. The Trust makes these offers electronically for law firms that file their claims electronically (e-filers), or in the form of a check made payable to the claimant and/or claimant's counsel for claimants that file their proof of claim on paper. E-filers may accept their offers electronically and the Trust records a settled, but unpaid claim at the time of acceptance. Paper filers may accept their offer by depositing the check. An unpaid claim liability is recorded once an offer is made. The unpaid claim liability remains on the Trust's books until accepted or expiration of the offer after 360 days. Expired offers may be reinstated if the claimant accepts the original offer within two years of offer expiration.

### 5. Commitments

CRMC signed a 7-year and 7-month office lease effective October 1, 2015 at a location in Falls Church, Virginia. In October 2018, CRMC signed a lease extension at its current location in Falls Church, Virginia. This lease will expire on September 30, 2028

Future minimum rental commitments under this operating lease, as of December 31, 2018, are as follows:

*Years ending December 31,*

|            |    |              |
|------------|----|--------------|
| 2019       | \$ | 88,633       |
| 2020       |    | 370,830      |
| 2021       |    | 381,957      |
| 2022       |    | 393,415      |
| 2023       |    | 405,201      |
| Thereafter |    | 2,097,332    |
|            |    | <hr/>        |
|            |    | \$ 3,737,368 |

This obligation has been recorded as a liability in the accompanying consolidated special-purpose statements of net claimants' equity.

### 6. Net Claimants' Equity

A class action complaint was filed on behalf of all Trust beneficiaries on November 19, 1990, seeking to restructure the methods by which the Trust administers and pays claims. On July 25, 1994, the parties signed a Stipulation of Settlement that included a revised TDP. The TDP prescribes certain procedures for distributing the Trust's limited assets, including pro rata payments and initial determination of claim value based on scheduled diseases and values. The Court approved the settlement in an order dated January 19, 1995 and the Trust implemented the TDP payment procedures effective February 21, 1995.

Prior to the commencement of the class action in 1990, the Trust filed a motion for a determination that its assets constitute a "limited fund" for purposes of Federal Rules of Civil Procedure 23(b)(1)(B). The Courts adopted the findings of the Special Master that the Trust is a "limited fund". In part, the limited fund finding concludes that there is a substantial probability that estimated future assets of the Trust are and will be insufficient to pay in full all claims that have been and will be asserted against the Trust.

The TDP contains certain procedures for the distribution of the Trust's limited assets. Under the TDP, the Trust forecasts its anticipated annual sources and uses of cash until the last projected future claim has been paid. A pro rata payment percentage is calculated such that the Trust will have no remaining assets or liabilities after the last future claimant receives his/her pro rata share.

Prior to the implementation of the TDP, the Trust conducted its own research and monitored studies prepared by the Courts' appointee regarding the valuation of Trust assets and liabilities. Based on this valuation, the TDP provided for an initial 10% payment of the liquidated value of then current and estimated future claims (pro rata payment percentage). As required by the TDP,

# MANVILLE PERSONAL INJURY SETTLEMENT TRUST

## NOTES TO THE CONSOLIDATED SPECIAL-PURPOSE FINANCIAL STATEMENTS

---

the Trust has periodically reviewed the values of its projected assets and liabilities to determine whether a revised pro rata payment percentage should be applied. In June 2001, the pro rata percentage was reduced from 10% to 5%.

During the second and third quarters of 2002, the Selected Counsel for the Beneficiaries (SCB) and Legal Representative of Future Claimants (Legal Representative) and the Trust met to discuss amending the TDP. As a result of these meetings, in late August 2002, the parties agreed to TDP amendments that are now contained in what is referred to as the "2002 TDP". The 2002 TDP principally changes the categorization criteria and scheduled values for the scheduled diseases.

In January 2008, the Trust completed a review of the Trust's projected assets and liabilities. Based upon this review, the Trustees approved an increase in the pro rata percentage from 5% to 7.5%. This proposed change received the required concurrence of the SCB and the Legal Representative in early March 2008. Under the TDP, any claimant who received less than the current pro rata percentage is entitled to receive a retroactive payment sufficient to increase their previous payment percentage to the current pro rata percentage. Accordingly, the Trust recorded a liability of \$365.7 million for approximately 282,000 personal injury claimants eligible to receive a retroactive payment.

In January 2012, the Trustees amended the 2002 TDP to include a provision requiring the Trust to determine the Maximum Annual Payment (MAP) amount, which limits the amount of claim payments in any one year based upon its projections of assets and liabilities at the current pro rata percentage. Once the claim payments in any one year reach the annual MAP amount, the Trust ceases claim payments and any unpaid claims are carried over to the next year and placed at the front of the FIFO payment queue.

In August 2014, the Trust completed a review of the Trust's projected assets and liabilities. Based upon this review, the Trustees approved a decrease in the pro rata percentage from 7.5% to 6.25%. This change received the required concurrence of the SCB and Legal Representative.

In November 2016, the Trust completed a review of the Trust's projected assets and liabilities. Based upon this review, the Trustees approved a decrease in the pro rata percentage from 6.25% to 5.1%. This change received the required concurrence of the SCB and Legal Representative. All claimants receiving offers after November 4, 2016, were paid a pro rata percentage of 5.1%.

### **7. Employee Benefit Plans**

The Trust established a tax-deferred employee savings plan under Section 401(k) of the Internal Revenue Code, with an effective date of January 1, 1988. On April 7, 2016, the plan was amended and restated as the CRMC Salary Savings and Retirement Plan. The plan allows employees to defer a percentage of their salaries within limits set by the Internal Revenue Code with CRMC matching contributions by employees of up to 6% of their salaries. The total employer contributions and expenses under the plan were approximately \$181,100 and \$185,500 for the years ended December 31, 2018 and 2017, respectively.

The Trust and CRMC (collectively, the Employer) established a nonqualified, unfunded deferred compensation plan in accordance with Section 409A of the Internal Revenue Code, with an effective date of November 1, 1995. The plan was most recently amended and restated effective January 1, 2005 and is maintained primarily for the purpose of providing deferred compensation to senior management. The plan allows participants to defer up to 100% of any bonuses and any

other incentive compensation paid during the year, as well as up to 25% of their base salaries. Participant accounts are credited monthly with a hypothetical rate of return based on the investment options offered by the Employer and chosen by the participant. However, the Employer is not obligated to purchase any investments selected. Any and all payments made to participants pursuant to the plan shall be made from the general assets of the Employer. All participant accounts under the plan shall be for bookkeeping purposes only and do not represent claims against specific assets of the Employer. The plan does not create a trust of any kind or a fiduciary relationship. Other than calculating and applying hypothetical rates of return to participant accounts, no other Employer contributions shall be made. For the years ended December 31, 2018 and 2017, deferred compensation expense due to participant-elected investment returns totaled approximately \$0 and \$18,700, respectively. As of December 31, 2018 and 2017, deferred compensation liabilities totaled approximately \$0 and \$110,500, respectively. There were no employee contributions to the plan during the years ended December 31, 2018 and 2017.

### 8. Restricted Cash Equivalents and Investments

In order to avoid the high costs of director and officer liability insurance (approximately \$2.5 million in 1990), the Trust ceased purchasing such insurance in 1991 and, with the approval of the United States Bankruptcy Court for the Southern District of New York, the Trust established a segregated security fund. Pursuant to this authority, the Trust currently maintains \$30 million in a separate escrow account for the purpose of securing the obligation of the Trust to indemnify former and current Trustees. The investment earnings on these escrow accounts accrue to the benefit of the Trust.

Additionally, as a condition of the tax agreement between JM and the Trust discussed in Note 9, the Trust was required to transfer \$30 million in cash to an escrow account to secure the payment of its future income tax obligations post settlement of the transaction. The escrow account balance may be increased or decreased over time. As of December 31, 2018, securities with a market value of \$52.6 million were held by an escrow agent, of which \$14.2 million is reported as restricted in accordance with the agreement.

### 9. Income Taxes

For federal income tax purposes, JM had elected for the qualified assets of the Trust to be taxed as a Designated Settlement Fund (DSF). Income and expenses associated with the DSF are taxed in accordance with Section 468B of the Internal Revenue Code, which obligates JM to pay for any federal income tax liability imposed upon the DSF. In addition, pursuant to an agreement between JM and the Trust, JM is obligated to pay for any income tax liability of the Trust. In a subsequent separate agreement between the Trust and JM to facilitate the sale of JM to a third party, JM paid the Trust \$90 million to settle the JM obligation to the Trust. In return, the Trust terminated JM's contractual liability for income taxes of the DSF and agreed to indemnify JM in respect for all future income taxes of the Trust and established an escrow fund to secure such indemnification. The statutory income tax rate for this DSF is 15%. As a Delaware domiciled trust, the Trust is not subject to state income taxes. CRMC files separate federal and state corporate income tax returns.

As of December 31, 2018 and 2017, the Trust has recorded a net deferred tax liability from net unrealized gains on investment securities of approximately \$32.6 million and \$42.7 million, respectively. As of December 31, 2018 and 2017, the Trust had prepaid income taxes of \$0.9

million and \$0.2 million, respectively. These amounts are included with accrued expenses as of December 31, 2018 and 2017 on the consolidated statements of net claimants' equity.

### 10. Proof of Claim Forms Filed

Proof of claim forms filed as December 31, 2018 and 2017 with the Trust are as follows:

|                                          | 2018      | 2017      |
|------------------------------------------|-----------|-----------|
| Claims filed                             | 1,043,223 | 1,024,894 |
| Withdrawn (1)                            | (104,923) | (103,540) |
| Expired offers (2)                       | (2,899)   | (3,181)   |
| Active claims                            | 935,401   | 918,173   |
| Settled claims                           | (921,960) | (904,947) |
| Claims currently eligible for settlement | 13,441    | 13,226    |

(1) Principally claims that have received a denial notification and the claim is in an expired status for more than two years. These claims must be refiled to receive a new offer.

(2) Claims that received a Trust offer or denial, but failed to respond within the specified response period, usually 360 days. As of December 31, 2018 and 2017, approximately 458 and 475 respectively, of the claims with expired offers are still eligible to accept their original offer with a payment value of \$0.9 million and \$0.8 million, respectively. All claims with expired offers may be reactivated upon written request by the claimant and will be eligible for a new offer at the end of the FIFO queue.

### 11. Subsequent Events

The Trust has evaluated its December 31, 2018 consolidated special-purpose financial statements for subsequent events through February 28, 2019, the date the consolidated special-purpose financial statements were available to be issued. The Trust is not aware of any subsequent events which would require recognition or disclosure in the consolidated special-purpose financial statements.
